VOTE: 5-0

III. OPM Updates and Reports

a) Agency Update (Mr. Jones)

1. FY2010 EPA Report –

Mr. Jones stated that this report is a testament to the knowledge, skills, and abilities of the staff. OPM is currently doing more than what is expected from EPA.

2. Legislative Tracking Report – (Mr. Jones)

Mr. Jones provided a rundown of the follow House & Senate Bills:

HB2501 has been retained in the legislature and appears to be dead for this session; however it come up again next session.

HB2520 had been signed by the Governor.

HB2541 was also signed by the Governor, adding that he has not gotten any follow up on this bill from the Attorney General's Office as of yet.

SB1194 was approved and signed by the governor. This bill moves the oversight of OPM to the ADA.

The status of SB1201 is unknown. Mr. Jones stated that he has not received any feedback and is unsure if it has been signed by the Governor.

SB1288 was vetoed but there is a possibility that it will come up again.

SB1614 was signed by the Governor, it puts furlough days in the hands of the Agency Directors.

SB1616 was signed by the Governor.

Mr. Jones added that the Governor's Office has not appointed anyone to the vacant Industry Member seat on the PMAC. He asked that those who would like to apply, please do so.

3. Transition - (Mr. Jack Peterson – Assoc. Director of the Environmental Services Division (ESD) of the Arizona Department of Agriculture (ADA))

Mr. Peterson gave a brief background about himself. Mr. Peterson stated that the move becomes effective 90 days after the end of session. He explained that within that 90 day period OPM is going to be moved into the Department of Agriculture building. Chairman Etheridge asked Mr. Peterson to elaborate on the PMAC and Task Force. Mr. Peterson stated that the Task Force will be made up of 3 Agriculture Industry members, 3 Structural Industry Members, and 1 Member of the Department of Agriculture, likely to be himself. The Task Force is being created to study the regulation of Structural Pest Management in the state. Mr. Peterson stated that the Task Force will be looking at all the regulations to determine how to put it all together so that the OPM can be part of the Department of Agriculture.

Mr. Peterson gave a brief run through of the meetings between the OPM management staff and the ADA management staff, including Mr. Don Butler (Director of the ADA), in regards to moving of OPM into the ADA building. Mr. Peterson stated that he hopes to do the primary move over a weekend so that there is little to no down time. Mr. Peterson briefly explained how he sees things working in each department once OPM is moved. Chairman Etheridge asked if there is anything that would preclude industry members from volunteering to assist with the physical move. Mr. Peterson explained that there are liability concerns that would prohibit volunteers from the pest management industry from participating in the physical move. Mr. Peterson added that they were going to use low-risk inmates from the Department of Corrections to do the move. Mr. Peterson also urged the OPM to surplus and dispose of things that are not necessary to keep to help minimize the use of space when the move takes place. Mr. Peterson stated the goal is to have the OPM located in the ADA building by July 19th.

Mr. Kelly Denny asked whether the vision is to merge the OPM with the ADA or have the OPM retain its autonomy. Mr. Peterson stated that the Compliance Department will remain somewhat autonomous, while Licensing, Accounting, and IT will be integrated.

Mr. Fredrick stated that he has great faith that the OPM staff will be cooperative and professional with regard to this transition, especially considering this is a critical time

for the industry with renewal license renewals. He added he has great confidence that everything will work out just fine.

b) Compliance/Enforcement (Mr. Craig & Mr. Pugh)

1. Snapshot

a) February 2011:

b) March 2011:

Mr. Craig briefly explains what some of the aspects of the report are for the new people in attendance to the meeting. Mr. Craig asked that the outreach portion on page 2 of the report refers to Compliance staff’s participation in industry training courses or association meetings. He also asked that if the industry is having a meeting, the Compliance staff be invited to speak. Mr. Craig also explained that the OPM does not receive any monies from Civil Penalties and added that all Civil Penalty monies go to the State of Arizona General Fund. Mr. Craig also explained the OPM’s involvement in antimicrobial inspections as well as inspections at childcare and healthcare facilities.

c) Licensing (Mr. Tolton)

1. Snapshot

a) February 2011

b) March 2011

Mr. Harvey Logan asked how the numbers from this year compare to last year in regard to applications submitted. Mr. Tolton stated there are seasons that more applications come in and that while there may not be as many applications being submitted this year, there are more licensees this year. Mr. Latham asked if the 49 invalid business licenses are check to ensure that they are not doing business. Mr. Tolton informed him that they are contacted because they are part of the OPM inspection scheme. Mr. Craig states that they are checked to ensure no business is taking place. Mr. Seemann asked if there is a large number of people who are issued temporary Qualifying Party (QP) Licenses. Mr. Tolton explained that number of temporary QP licenses is very minor. Mr. Tolton urges everyone who hasn’t already renewed to do so and stated as of June 1ST late fees do go into effect. He also explains that if you wait until the last minute to obtain your CE hours you may not be able to renew on time because CE providers have a 10 day time frame in which to report CE hours to the OPM.
