C. Applications for Qualifying Party License

1. Charles Michael Pfeiffer "B3" and "B5"

Mr. Pfeiffer appeared. Commissioner DeVere questioned why this applicant let his QP license expire in 2005. Mr. Pfeiffer said that he wanted to be able to take the exams again because he provides pre-exam training as part of his business and needs to know what is on the exams. He previously was part of a group creating the exams, but had sent all of the exams back to the agency and wanted to see them again. Commissioner DeVere clarified that Mr. Pfeiffer only wanted to take the exams to see the questions, and questioned whether he had any intention of using a QP license, and why his higher education wouldn't provide the experience required to obtain a QP license. Mr. Tolton explained that Mr. Pfeiffer knew the law required any education or other form of experience to have been obtained within the previous 5 years, and that his education was older than 5 years. Mr. Francis further explained that staff must follow the legal requirements, which is why this application was not on the consent agenda, and the Commission may use its discretion.

Commissioner Putterman believed that Mr. Pfeiffer's primary business of instructing pest management businesses constitutes sufficient experience.

MOTION: *By Commissioner Putterman to approve the applicant to test in the "B3" and "B5" categories. Seconded by Commissioner Burns.*

VOTE: *5-0 Motion carried.*

D. Business License Name Change Requests

None.

VII. Complaints

A. Contractors Termite & Pest Control (BL)/Kevin Etheridge (QP)/Douglas Pinnecker (QP) - Case # 2005-076

Business and Qualifying Party Licensees appeared with their attorney Steve Sparks, Esq. Commissioner Burns questioned why this complaint was filed. That the company should not shirk its responsibility, but that there was an issue about access to the home because of the slate floor. Mr. Francis explained that staff was aware of this issue, but that the documentation that purportedly prevented the company from providing a complete termite treatment when required was lacking. Mr. Sparks explained that the company did have numerous verbal conversations with the homeowner. Mr. Craig clarified that the treatment was not provided until after the fourth occurrence of termites and after the SPCC became involved. Commissioner Putterman said that a company should provide notice to the homeowner of areas to which they need access and if the homeowner doesn't cooperate, it's a difficult situation in that regulatory compliance may not be consistent with possible legal liability for damage to a floor.

MOTION: *To dismiss the complaint by Commissioner DeVere. Seconded by Commissioner Putterman.*

VOTE: *4-1 Motion carried (Commissioner Runbeck opposed).*

B. Polo Exterminating, LLC (BL)/Zachariah Blankenship (QP & APP) - Case # 2006-010

Business and Qualifying Party Licensees appeared. Commissioner Burns suggested that the civil penalty for the applicator was too high and perhaps more CEUs would reduce the penalty. Mr. Craig explained that the Applicator was trained, so more CEUs would not prevent this type of violation. Commissioner Putterman agreed about reducing the civil penalty since applicators do not earn a lot of money.

MOTION: *To offer an amended resolution to the applicator of an Administrative Warning, a \$100.00 civil penalty, and two hours of additional CE in Laws and Rules, and if the Consent Agreement is not executed by the deadline stated in the Consent Agreement transmittal letter to send the case to the Office of Administrative Hearings; and dismiss the complaint against the Business and QP licensees, by Commissioner Putterman.
